

MICHAŁ WACŁAW BRZESKI (1937–1999)

S. Kornobis. Inmemoriam	123
B. M. Zuckerman. Retrospective	124
G. Winiszewska, B. Kowalska. Bibliography of M. W. Brzeski	125
J. Abolafia, R. Peña Santiago. Nematodes of the order Dorylaimida from Andalucia oriental, Spain. The genus <i>Mesodmylaimus</i> Andrassy; 1959. IV: Two relatively small sized new species with a compendium of their relatives	135
W. Ahmad. New and known species of Mononchida (Nematoda) from Mbalmayo Reserve Forest, Ca- meroon	145
I. Andrassy. Some species of the genus <i>Aporcelaimus</i> Thorne et Swanger, 1936 (Nematoda: Doryla- imida) from Alaska	151
P. Arpin. Morphometric plasticity in <i>Prionchulus punctatus</i> (Cobb, 1917) Andrassy, 1958 and <i>Clarkus papillatus</i> (Bastian, 1865) Jairajpuri, 1970 (Nematoda: Mononchida): adaptation to differ- ent humus forms?	165
H. Braasch. <i>Bursaphelenchus paracorneolus</i> sp. nov. (Nematoda: Parasitaphelenchidae) aus Konife- renholz in Deutschland und Bemerkungen zu seiner Biologie und Verbreitung	177
Y. E. Choi, Z. Khan. Descriptions of two new species of <i>Iotonchus</i> and first record of <i>Coomansus</i> <i>zschokkei</i> (Mononchida) from Korea	183
W. Decraemer, M. Marais. A new <i>Trichodorus</i> species from South Africa with notes on <i>T. vandenber- gae</i> (Triplonchida: Diphtherophorina)	193
M. Dhanam, M. S. Jairajpuri. Two new species of a new genus, <i>Kunjudorylaimus</i> (Nematoda: Dory- laimida) from Karnataka, India	205
E. Dmowska. Nematode communities in subalpine meadows in Central Pyrenees	211
V. G. Gagarin, V. A. Gusakov. <i>Tridentulus brzeskii</i> sp. nov. (Nematoda: Monhysteridae) from fresh- water bodies of Central Russia	221
L. Hânêl. Morphological variability in single female progenies of <i>Cephalenchus hexalineatus</i> (Geraert, 1962) and <i>Filenchus misellus</i> (Andrassy; 1958) (Nematoda: Tylenchida)	225
O. Holovachov, A. Susulovsky. Study of Plectidae (Nematoda) from Ukraine. Description of two <i>Plectus</i> species with a discussion of Borne tail abnormalities	233
D. J. Hunt, K. Mohotti. <i>Hekarella talawakelae</i> gen. and sp. nov., a curious new genus and species of monogonant Carnoyidae (Nematoda: Rhigonematida) from Sri Lanka	239
K. Ilieva-Makulec. Nematode fauna of a cultivated peat meadow in relation to soil depth	247
G. Karssen, L. Waeyenberge, M. Moens. <i>Pratylenchus brzeskii</i> sp. nov. (Nematoda: Pratylenchidae), a root-lesion nematode from European coastal dunes	255
P. A. A. Loof, A. Zullini. A new species of the genus <i>Thalassogenus</i> Andrassy; 1973 and the syste- matic position of the genus (Nematoda: Oncholaimina)	263
S. Lorenzen. The role of the biogenetic convergence rule in polarizing transformation series – argu- ments from nematology, chaos science, and phylogenetic systematics	267
A. Susulovsky. <i>Mylonchulus politus</i> sp. nov. (Nematoda: Mylonchulidae) from Ukraine	277
A. V. Tchesunov. Descriptions of <i>Pseudosteineria korrida</i> (Steiner, 1916) and <i>P. ventropapillata</i> sp. nov. from the White Sea with a review of the genus <i>Pseudosteineria</i> Wieser, 1956 (Nematoda: Monhysterida: Xyalidae)	281
M. T. Vinciguerra, M. Clausi. <i>Practinocephalus brzeskii</i> sp. nov. (Nematoda: Actinolaimidae) from Ecuador, with taxonomic notes on the genus	289
G. Winiszewska, M. W. Brzeski, Y. E. Choi, J. I. Kim. Tripylidae (Nematoda: Enoplia) from Korea ..	297
J. Wu, Y. Liang. Inland free-living nematodes in China: a historical review of taxonomic studies with descriptions of <i>Aphanonchus orientalis</i> sp. nov. (Chromadorida: Leptolaimidae) and <i>Daptonema</i> <i>limnobia</i> sp. nov. (Monhysterida: Xyalidae)	307
